Canobie Lake Park's 2010 Season Preview

SALEM, NH – On April 24th, Canobie Lake Park opens the gates for its 108th season of fun. On the shores of beautiful Canobie Lake in Salem, New Hampshire, the Park features over 85 rides, games and attractions. There's something for every member of the family at Canobie, including many new thrills added over the past few years, like the Xtreme Frisbee and Wipeout rides.

This year will be a *Summer of SuperStars* at Canobie Lake Park with an entirely new line-up of live entertainment beginning in late June. Canobie's historic Dancehall Theater will be the host for a *Tribute to the Legend of Pop*, a live music and dance production that will amaze fans of all ages. In addition, special limited engagements of "THE KING LIVES!®" tribute to Elvis will return to the Dancehall Theater stage in 2010.

A tribute to the well-known and popular country singers, *Faith and Tim*, will appear on the Park's Village Stage, while a tribute to the current *Divas of Pop* will be presented on the Midway Stage. An all new children's show, "*Kids Rule!*" will share Canobie's Midway Stage, featuring interactive entertainment, music and more just for kids. The popular Canobie Talent Search returns on Thursday nights and a Dance Party is held each Friday night.

There's much more in the way of family entertainment, too, from the classic Yankee Cannonball roller coaster to Canobie's beautiful Antique Carousel. For water lovers, there are plenty of ways to get wet, especially in Canobie's Castaway Island, one of New England's largest water play complexes, opening Memorial Day weekend (weather permitting). Don't forget Canobie Lake Park is also known for spectacular fireworks displays all summer long, beginning July 3rd and 4th and every Saturday night thereafter. All that fun can make for hungry families, and there are plenty of delicious food choices located throughout the Park.

Special spring pricing is available through May 23rd. And with one low admission price that includes a full day and evening of fun, Canobie Lake Park remains New England's premier destination for affordable family entertainment. Plus parking is always free to make it an even better value.

Canobie Lake Park is an easy drive from most points in New England, located at exit 2 or 3 off Route 93 in Salem, New Hampshire. For hours, directions and more information, visit www.canobie.com.
