

2026 Summer Food Allergy Guide

Canobie Lake Park, makes every effort to ensure our Guests' needs are met. We understand that some of our Guests may have food based allergies, and we strive to provide them with detailed information to make their meal choices as hassle-free as possible. The dietary and allergy information used to create these guides has been researched by Canobie Lake Park. The product ingredient information was derived directly from the product packaging that we receive from our suppliers.

While we attempt to keep this information as current and accurate as possible, please understand that there are many factors that can affect the accuracy of these guides, including but not limited to temporary product substitutions or cross-contamination (our products are shipped, stored, and transferred alongside other items that may include allergens). As always with any serious food allergy, please use your best judgement when deciding what and what not to eat.

We are happy to provide this guide as a service to our Guests, in hopes that it makes your visit here at Canobie Lake Park as enjoyable as possible. If there is anything else we can do to assist, please do not hesitate to visit Guest Services at the Park entrance. Thank you for visiting and enjoy your day!
